WE COME

to Kentucky's Cave Country

Within a one-day drive of 75% of the US population!

Welcome to Kentucky's Cave Country where below our beautiful rolling landscape lies the world's longest cave system to explore. Above ground you'll find your adventure—hiking, biking, canoeing, fishing, zip lining, rappelling, horseback riding, antiquing, and historical sites.

Of course, you'll want to visit Mammoth Cave National Park and our beautiful privately-owned "show caves". We also have two of Kentucky's finest state parks—Barren River Lake State Resort Park and Nolin Lake State Park.

So venture off the interstate, take a drive through our countryside, visit a small town, stay at one of our B&Bs, campgrounds, or chain hotels. Try some local home cooking, fine dining, or Kentucky BBQ. Stop by a local shop, country store, or roadside market. Enjoy a local festival. Explore our Kentucky!

We're here to help you plan your trip.

Maps and livery info here:

Certified by AASHTO in 2018, Kentucky's 109 mile leg of US Bike Route 23 spans from the Tennessee border to connect with the TransAmerica Bike Route in Hodgenville and connects Mammoth Cave National Park with Abraham Lincoln Birthplace National Historical Park. It's great for bicycle touring on low-volume rural roads with beautiful scenery through charming small towns.
